### BRITISH ENVOY THINKS LEAGUE IS PEACE NEED

Robert Cecil Declares It Is Necessary to Insure Peace

ONLY WAY TO PROPERLY TREAT WORLD PROBLEMS

Favors Such Organization As First Step Towards Negotiations

Paris, Wednesday, Jan. 8.—Robert Cecil, who has arrived here with the first section of the British peace delegation, expressed the opinion to the Associated Press today that the definite organization of a league of nations is indispensable as a first step toward the conclusion of that enduring peace and a satisfactory settlement of international problems which have arisen out of the war.

Lord Robert made it clear that his statements were personal views and not an attempt to give the views of the British government.

"In my opinion, a league of nations is necessary as an initial step in the peace negotiations," said Lord Robert. "It is not only necessary to insure peace, but also for the proper treatment of many international questions which must be considered by the congress. It is the sum of all these recognized joint activities, interests and responsibilities that we call by the name of 'league of nations.'"

"It is our business to give this league definite form here and now, clear in his talk that he has little sympathy with the view that the peace congress may be held later."

### SOLDIERS IN CAMP HONOR ROOSEVELT

Camp Sherman, Jan. 9.—A salute of 21 guns, with every national emblem in the camp flying at half mast, and a special formation of Sherman troops at 10 o'clock yesterday, was paid to the passing of Theodore Roosevelt. The ceremony at the local camp was according to telegraphic instructions from the war department.

With the discharge today at noon of 928 soldiers from this camp the rate of demobilization is again approaching former high figures.

Officers state that soon the daily discharged increment will approximate 1200. Among the soldiers dismissed today were 50 from Cincinnati, 55 from Cleveland, 11 from Columbus, 30 from Canton, 25 from Dayton, 10 from Dayton, 27 from Toledo, 15 from Youngstown, 12 from Springfield and three from Portsmouth.

Urban McFarland of Wapakoneta and J. D. Elek of New Philadelphia died at the base hospital Tuesday evening.

### FRENCH PEACE ENVOYS ARE NAMED IN PARIS

Paris, Jan. 9.—(Havas)—Official announcement was made today that the council of ministers had approved the nominations as the French representatives in the peace congress of the following:

Georges Clemenceau, the premier; Stephen Pichon, foreign minister; Louis L. Klotz, finance minister; Andre Tardieu, French high commissioner to the United States; Jules Cambon, former ambassador to Berlin; Paul Dutaast, French ambassador to Switzerland; will be secretary of the French delegation.

### OHIO MEN RELEASED FROM HUN PRISONS

Washington, Dec. 9.—The war department announced today that the following enlisted men from Ohio of the American expeditionary forces, released from German prison camps and hospitals, had returned to France: Mariano Leggio, Akron; Louis Williams, Alliance; Robert M. Keefe, Columbus; William M. Livingston, Cleveland; George H. McQuiston, Cincinnati; Vladimir Ruzicka, Greenlawn avenue, Columbus.

### GERMANS SEEK PEACE WITH INVADING POLES

Paris, Jan. 9.—The German government has opened negotiations with the Poles, who have invaded the province of Posen, according to the Frankfort Gazette, which says that there are hopes that an understanding that will end the fighting will be reached.

**SHIPPING IS SUSPENDED.**  
Buenos Aires, Wednesday, Jan. 8.—All trans-Atlantic shipping has been suspended until the harbor strike is ended. It was announced after a meeting of shipping agents here tonight. It was indicated by some of the agents at the meeting that their action might tend to shorten the strike.

### CONFERENCE OF FOUR POWERS IS AGAIN HELD UP

Lloyd George Detained In England By Reconstruction of Cabinet

WILSON EXCHANGES VIEWS WITH JAPS AND ITALIANS

Will Be Ready When English Statesman Arrives To Complete Work

Paris, Jan. 9.—A French protocol giving a detailed program of the procedure of the peace conference, has been submitted to the American and other delegations by whom it now is under consideration.

Paris, Jan. 9.—President Wilson's conferences with the premiers of Great Britain, France and Italy, which were to open today, have been delayed and probably will not begin before early next week.

Mr. Lloyd George is detained in London by work incident to the reconstruction of his cabinet. Premier Orlando of Italy, who is due here today, will probably return to Rome, where his presence for 48 hours is necessary because of matters under consideration by the Italian parliament.

There will, however, be a meeting today at the office of Stephen Pichon, foreign minister. It will be attended by Mr. Wilson, Premier Orlando and the Japanese representatives, but it will be informal because of the absence of Mr. Lloyd George, although the British representatives will probably be present. It was considered best to hold the meeting and clear up some preliminary points and it is believed that important details of procedure will be settled. If this is done, the delegates will be in a position, when Mr. Lloyd George arrives, to rapidly complete the preliminary work and clear up matters for the opening conferences on Monday and Tuesday.

It is not expected there will be a long debate at the conferences this morning, newspapers saying that the French government communicated to the other powers some days ago a complete plan of work, amounting to a suggestion of a co-ordinated program.

### MARINE WORKERS' STRIKE MAY TIE UP MILK SUPPLY

All Harbor Boats Idle When 15,000 Men Leave Jobs

### STATEN ISLAND ISOLATED WHEN FERRY BOATS QUIT

Government Threatened to Operate Boats and Tugs With Soldiers

New York, Jan. 8.—With approximately 15,000 men affected the strike of the marine workers' affiliation went into effect here at 6 o'clock this morning. At that hour ferryboats, steam lighters, towboats, coal barges, grain boats, and other harbor craft were at a standstill, according to the strike leaders.

The strike, called notwithstanding a threat by the government to operate the harbor with soldiers and sailors, was ordered yesterday when a conference of the union men and the boat-owners' association broke up following the refusal of the latter to arbitrate the question of an eight-hour wage. The war labor board was unable to effect a settlement of the differences.

The tie-up, according to strike leaders and transportation officials, brings New York to a crisis as regards food and coal and they predicted that within 24 hours the milk situation here would be much more serious. The city's milk supply, already greatly decreased through a strike of the dairymen's league, now will be further depleted, the strikers say, through inability to get the milk usually sent here from New Jersey.

Staten Island—comprising Richmond borough of the city—was completely isolated by the strike. Municipal ferryboats plying from lower Manhattan and Brooklyn to St. George, Staten Island, made their last trip before 6 o'clock, though city officials had predicted the strike would not affect that service. Ferry service between lower Manhattan and Brooklyn also stopped.

Most of the ferries between New York and New Jersey points also were suspended. At the Fort Lee ferry, which carries laborers and soldiers going to Camp Merril, N. J., a crowd of more than a thousand persons assembled. They were advised to take trains through the Hudson tubes for their destination as the ferry was not operating. At other ferry boats signs were posted that the service had been discontinued.

Crews of 150 railway tugs joined the harbor strike today, enforcing suspension of all marine operations of the railroad administration. Superintendent Follock of this branch of the service said that with ferries and lighters, 1,200 railroad craft were idle.

Word has just been received in Newark that Frank L. Johnson has been cited for bravery in the St. Mihiel drive and that he has received a medal for heroic action. Mr. Johnson, who is the general secretary of the Newark Y. M. C. A., rendered distinguished services in the Meuse-Argonne battle by carrying wounded from the field while under fire. In the St. Mihiel drive he acted as the top with the soldiers and conducted himself in such a manner as to win praise from the colonel of the regiment.

Mr. Johnson has been given charge over a wide section in Y. M. C. A. work in France.

### GOVT. OFFICIALS HOLD CONFERENCE ON STRIKE

Washington, Jan. 9.—Secretaries Daniels and Baker called into conference today representatives of the railroad administration and shipping board to consider the New York harbor strike situation. It was intimated that some definite action might be expected during the day.

Reports were current before the conference called for noon, that either the navy or war department would take over operation of all harbor facilities. War labor board officials said the board had exhausted its powers in efforts to adjust the difficulties between harbor workers and their employers and could do nothing but let the strike take its course until a favorable situation developed.

## NEW GOVERNMENT IS PROCLAIMED

EXTREMISTS GAIN UPPER HAND IN FIGHTING IN BERLIN STREETS, PARIS REPORT SAYS

### INDEPENDENT SOCIALISTS AT HEAD OF THE FACTION NOW IN CONTROL

Reports Indicate Civil Strife Is Spreading to Other Parts of German Empire—Government Troops Said to Have Joined Spartacus Group.

Paris, Jan. 9.—(Havas)—The Ebert-Scheidemann government in Germany has been overturned, the extremists having gained the upper hand in Berlin after sanguinary fighting, according to the latest German advices received here. A new revolutionary government has been proclaimed, composed of independent socialists.

A part of the government troops is reported to have gone over to the rebels and the Spartacus now hold the principal points in Berlin.

Civil war is spreading to other parts of Germany, the advices indicate, and parts of the Rhenish provinces and Bavaria now are reported to be involved.

Gustav Noske, the commander-in-chief of the German government troops, will send new forces against the capital in an attempt to regain control of it, it is reported. A desperate reaction by the more conservative elements is expected.

The casualties in the Berlin fighting are reported to have been heavy.

The independent socialists said to be head of the new government are George Ledebour, Herr Liebmam and Herr Tiek.

Dr. Karl Liebknecht, the leader of the Spartacus, is continuing his activities (presumably in an effort to install a government of his own choosing).

### USE ARTILLERY IN BERLIN STREETS

Amsterdam, Jan. 9.—Severe fighting in which artillery was employed took place in Berlin yesterday, near the Central Telegraph office. The Spartacus renewed their attempts to seize the chancellor's place, it is declared in Berlin dispatches to the Handelsblad, but were driven back with the loss of 30 killed and 45 wounded.

These figures, the newspaper correspondent says, appear to be small. Chaos prevails in the government offices.

The government has been concentrating troops in Berlin and on Wednesday the Spartacus were driven from the Potsdam and Rhenish railway stations, the Brandenburg gates and the central railway offices. The Prussian war minister told the correspondent that the power of the government was increasing because volunteers were offering their services. However, it would not be easy to restore order because the Spartacus had occupied buildings all over Berlin.

The correspondent reports that the Spartacus obtained 18,000,000 marks in paper money when they captured the government printing office.

### MOB PILLAGES BRUNSWICK

Basel, Wednesday, Jan. 8.—Strikes and demonstrations in sympathy with the Liebknecht movement in Berlin have taken place in Brunswick and Munich. A mob pillaged the stores in Brunswick. In Munich, the Bavarian capital, several persons were killed and wounded in street-riots.

### LOYAL TROOPS ARRIVE

Basel, Jan. 9.—Troops loyal to the Ebert government have arrived in Berlin from Potsdam and driven the Spartacus as far as the Tiergarten and re-occupied the printing works, according to the Frankfort Zeitung.

### FIRING IN NIGHT IS HEAVY

Amsterdam, Jan. 9.—Street-fighting in Berlin attained the greatest intensity between 11 o'clock Tuesday night, and 5 o'clock Wednesday morning, according to a Berlin telegram to the Frankfort Nachrichten. Heavy artillery fire continued uninterruptedly. The dispatch says the government is still master of the situation.

### NEITHER FACTION HAS CONTROL OF MASSES

London, Wednesday, Jan. 8.—Negotiations between the government and the revolting elements in Berlin were in progress all day yesterday, according to Copenhagen and Amsterdam dispatches received here tonight, but no definite result was apparent. None of the leaders, it appeared, had any real control over the masses in the Berlin streets, and spasmodic fighting took place in various parts of the city.

The rumor that Field Marshal von Hindenburg had come or was coming to Berlin was followed by a report that General Ludendorff was on his way back to Germany from Sweden where he took refuge recently. The Spartacus group, the dispatch shows, has proclaimed a general strike for January 12. The Spartacus declare they will present the elections to the national assembly by all possible means. It is asserted that their seizure of the central railway offices in Berlin after the government troops in charge had surrendered has placed the entire railway system of Germany in their hands. The imperial printing office in Berlin likewise is reported in their possession.

The Potsdam division with an equipment of machine guns is reported moving on Berlin. Outside the capital, the messengers state the Bolshevik movement is weak, the bulk of the people disapproving of it.

**GOVERNMENT ORDERS TROOPS TO ATTACK**

London, Jan. 9.—Telegrams dated in Berlin at 5:20 o'clock Wednesday morning and transmitted by the Cologne Telegraph company says that negotiations between the government and the Spartacus failed. The independent socialists and Spartacus appeal to the working people to meet Wednesday in order to complete "the victory of the proletariat."

The government has ordered the troops in nearly all the barracks in Germany to move against Berlin and they are arriving there on motor cars. A state of siege, it is added, will be declared in Berlin. The Spartacus control the railroads near Berlin.

## DANDRUFF GOES! HAIR GETS THICK, WAVY, BEAUTIFUL

Save your hair! Double its beauty  
In a few moments.  
Try this!

Hair stops coming out and every  
particle of dandruff  
disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and growing at first—yes—but really new hair—downy all over the scalp. A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health. Get a small bottle of Knowlton's Danderine from any drug store or toilet counter for a few cents and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them, its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

How a Father Has Learned to  
Save Shoe Bills.

"My son is very hard on shoes, so keeping him properly shod has been quite an expense to me," writes Mr. J. Allison Allen, of Amity, Arkansas.

"But since I started to buy Neolin-soled shoes for him I have found that it costs only about a third as much to keep him in shoes."

This is because Neolin Soles are so tough and durable that they wear a very long time. Shoe bills are kept down because you don't need so many pairs.

You can get Neolin-soled shoes at almost any good shoe store. They come in all styles and for all members of the family. Neolin Soles are also available everywhere for re-soles. They are produced by a scientific process to be what shoes ought to be comfortable, waterproof and long-wearing. They are made by The Goodyear Tire & Rubber Company, Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear any other heels.

## PIMPY? WELL, DON'T BEL

People Notice It. Drive Them Off  
with Dr. Edwards'  
Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cured with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look! 50c and 25c per box. All druggists.

## Ends Stubborn Coughs in a Hurry

For real effectiveness, this old home-made remedy has no equal. Easily and cheaply prepared.

You'll never know how quickly a bad cough can be conquered, until you try this famous old home-made remedy. Anyone who has coughed all day and all night, will say that the immediate relief given is magic like magic. It takes but a moment to prepare, and really there is nothing better for coughs.

Into a pint bottle, put 2½ ounces of Pinex; then add plain granulated sugar syrup to make a full pint. Or you can use clarified molasses, honey, or corn syrup, instead of sugar, if desired. Either way, the full pint saves about two-thirds of the money usually spent for cough preparations, and gives you a more positive, effective remedy. It keeps perfectly and tastes pleasant—children like it.

You can feel this take hold instantly, soothing and healing the membranes in all the air passages. It promptly loosens a dry, tight cough, and soon you will notice the phlegm thin out and they disappear altogether. A day's use will usually break up an ordinary throat or chest cold, and it is also splendid for bronchitis, croup, whooping cough, and bronchial asthma.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, known as the most reliable remedy for throat and chest ailments.

## HAS FIRST RIDE IN RAIL COACH IN EUROPE

Sergeant Arthur B. Kinney, Company B, 166th Infantry, wrote his mother, Mrs. Ella B. Kinney of Granville, that he was in Ripplveiler, Luxemburg, on November 26. Sergeant Kinney had his first railroad ride in Europe in a passenger coach on the way there as the other trip made in the box cars labeled "32 hommes, eight cheveaux"—meaning 32 men and eight horses. The letter follows:

"It has been a long time since I have had the pleasure of using any of my time for letter writing. I have not been so busy myself but, as a unit, we have, and that has hindered our going out for quite a while. Now we are able to write again, so I am placing this one at the head of the list, and since my last letter to you was dated October 27, I will try to make this as interesting as possible.

"Of course the first thing of the most import is the fact that hostilities completely ceased the 11th and that satisfactory negotiations are in the making. It is not necessary for me to comment on the situation because we are all so glad and thankful that the present state of affairs are as favorable as they are. Our unit, which as you know has been on steadily busy since last July, was in the middle of the melee up to the last. In fact, we were in the lead of an advance on November 7, so you see I had quite a celebration for my 24th anniversary and birthday. One company of our battalion was stopped by the armistice just in the edge of Sedan and I was within nine kilometers of the place myself.

"Undoubtedly the war is over. We all think so and are feeling pretty good about it, and are mighty glad that we have 'come through.' Now we feel pretty sure of having use for one of Uncle Sam's transports in the near future. That is the question we discuss pretty often lately. Ha!"

"A year ago I promised to be home to eat Christmas dinner with you in 1918, but now I am going to extend the time to July and engage the eat for the Fourth. Is that all right? Yes? All right, and then I'll tell you all about it.

"We can tell more than we could but I must not overstep the mark so am saying lots of things till later. Besides, we all know that I can talk better than I can write.

"I had the pleasure of spending a few hours in the city of Luxembourg yesterday and am mailing you a little album of the things I should have visited. But my time was so short and the day was so foggy that the only satisfaction I had from my visit was some writing paper, a few candles, and two big square meals. Naturally the meals were the best of all from my point of view. It was also my first railroad ride in Europe in a passenger coach, all other trips were in 32 horses, eight cheveaux box cars—I. e., 32 men or eight horses. Also my first leave from camp outside of a few passes to neighboring towns.

"Of course I must take the precaution to send my Christmas greeting to you folks at home for fear my next letter may not get to you in time. And with this meager greeting I extend my wishes for a happy New Year and hope it starts in a new way with a new ideal and a new world.

"Just where I will spend my Christmas, of course, matters not, but I have no idea myself and I don't think anyone else has. What tickles me is the prospects in view, so why should we care about the morrow, as we can soon count the days that will stand between us and God's country."

## "Everywhere they spell comfort"

"The one greatest comfort we had in the training camps was the AMERICAN Radiator. . . . After the hard day's work in the rough weather it certainly builds up a man, bodily and mentally, to be under the spell and charm of these comfort-machines—that's what your Radiators are. . . ."

Are you preparing a "cozy camp" for your hero son, where his comrades will often gather to tell their stories, or will his waiting bedroom be the old, chilly place where for very cold he needs must burrow under blankets?

## AMERICAN & IDEAL RADIATORS & BOILERS

IDEAL Boilers and AMERICAN Radiators are built scientifically to extract and distribute the greatest possible volume of heat from each ounce of coal. Two-thirds of the heating surface of an IDEAL Boiler is directly around the fire—absorbing the utmost heat from the fuel. Heat is circulated three times as rapidly as in old-fashioned heaters—which is one of the strong reasons why IDEAL Boilers burn one-third less fuel than other devices, and permit cheapest fuel to be used.

The ARCO Wand Vacuum Cleaner is cellar-set and piped from floor to floor. Put in any new or old home without tearing up. Now also made in two-sweeper size for apartments, hotels, office buildings, etc. Fully guaranteed. Lasts for years. Sold on Easy Payments. Send for catalog.

## Burn one-third less cheap fuel than other devices

Easy to put coal in the roomy door—a whole day's supply put in the IDEAL fire-pot in a minute's time. Easy to shake because you stand erect—gently shake only a few grate bars at a time. The same water is used for years. An IDEAL Regulator controls draft and check dampers automatically to suit weather.

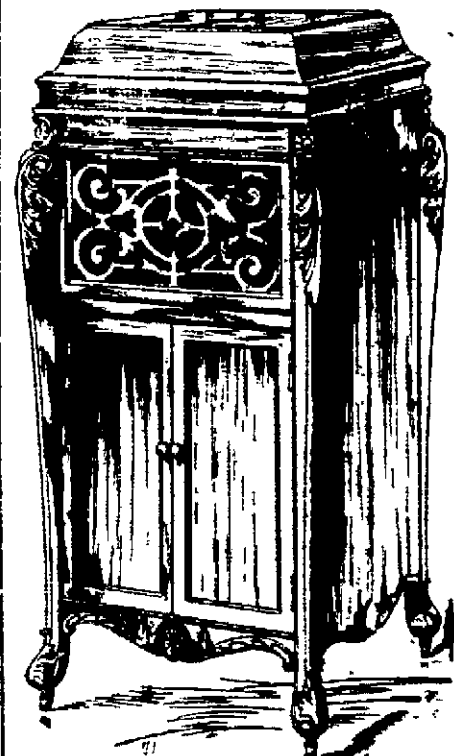

The price is the closest possible between manufacturer and user. Price is no higher than asked for ordinary makes. Accept no substitute! On each IDEAL Boiler and AMERICAN Radiator our name is cast—your guarantee.

Send today for "Ideal Heating" (free), giving much valuable information on fuel economies—for homes, churches, stores, schools, and other buildings. Act now, and your re-united family will know no sting of winter.

DENISON MAN IS IN RAIL WRECK

Troop Train In France Collides With Freight But No Lives are Lost.

(Special to the Advocate)

Granville, Jan. 9.—Lieutenant Joseph Haskins, who has made an enviable record as member of a flying squadron on the French front, and who was in the last drive, has come through all sorts of adventures in the air, on the earth and in the water, any one of which might easily have been fatal. On his way to the sea coast recently, where troops had been ordered to await the ship which is to bear them home, he was in a railroad wreck which utterly demolished two of the coaches on his train, and crushed the front half of the one in which he himself was riding. There was no lights and in the fog the troop train had collided with a heavy freight. The uninjured assisted the Red Cross nurses in caring for the victims and for ten hours they worked under appalling difficulties. The arrival of an American wrecking train soon cleared the debris and all lives were saved. Lieut. Haskins was enthusiastic in praise of the efficiency of the American wrecking crew and of the Red Cross nurses "who worked all night like angels." He writes that he will send a cablegram announcing date of his sailing, which will be soon.

Fraternities men at Denison are privileged once more to occupy their respective houses, and most of them are again comfortably settled. The private houses in the village are supplying lodgings to Shepards girls as well as to Denison boys. Seven girls of Sigma Delta Phi sorority are rooming at the home of Mrs. Helen Hunt in Park drive.

Mr. and Mrs. Edward M. Jones have arrived in Granville as guests of their mother Mrs. Margaret Halderman at Monomoy place, from Newport News, where Mr. Jones has finished an important government contract at the large cantonment.

Captain N. Worth Brown, M. R. C. Denison '01, Sigma Chi, who offered his services in the summer of 1917 for the period of the war and who was sent to England on the medical staff of a base hospital is now in France in the same capacity. His present address is M. R. C. No. 236, base hospital, American Expeditionary Force, Base Section 1. Mrs. Brown, formerly Miss Majorie Hall of Shepards college, is at St. Belvedere Way, Akron, Ohio.

Nearly all the boys who went to war from Granville have been heard from since the signing of the armistice, and there is no reason to be discouraged about these considering the irregularity of the mails from overseas.

The peace unit, as the Granville unit of war mothers has been named held a meeting in the Methodist church Monday evening after prayer meeting with a large and enthusiastic attendance.

The important musical event of the week is the concert in the Baptist Auditorium Saturday evening at 8:15 by the Culp String Quartette, a new and famous organization which ranks with the best in the country. It has made its way to solid success by virtue of performance distinguished by sound musicianship and by the even balance of its programs. The members of this quartette are leading musicians of the Cincinnati-Symphony Orchestra.

For January 14, in Recital hall at 7:30 p. m. is announced a lecture and concert of the Denison Scientific Association illustrated with lantern slides, from Lick and Yerkes observatories, made directly from Stellar negatives. Subject: "The Solar Eclipse of Last June." Recent researches concerning a multi-colored light, the light of the department of astronomy. The general public is invited to attend.

HAS NO RECORD OF BOY KILLED BY TRAIN

The local draft board has no record of Frank Carroll, who was killed in Steubenville, and on whose body was found a registration card.

The card was not issued by the local board, and that only was it can be registered and that the man did not register in Newark. The card, contrary to regulations, did not contain the street address.

SOCIAL EVENTS

The members of the Fortnightly club are entertaining at the home of Mr. Fred Woodward in West Main street.

Miss Nellie Premier entertained the members of the Las Maches club at her home in St. Clair street, Wednesday evening. The hours were spent with music and a two course luncheon was served. The table was centered with a cyclamen, and Miss Premier entertained two guests and the club members. The guests were Mrs. Wilfred Rawlings, and Miss Elizabeth Davis. Mrs. R. B. Haynes will entertain the club in two weeks.

Mrs. Frank Wilkin of North Franklin entertained the members of the Missionary Society of St. John's church, Thursday afternoon. The devotionals were led by Mrs. L. B. Dunn and readings were given by Mrs. Frank Osborn, Mrs. L. B. Dunn and Mrs. Harold Hirst. A piano solo was rendered by Miss Margaret Osborn.

Luncheon was served and the society will meet in February with Mrs. L. B. Dunn.

Mrs. John Edwin Brown, East Broad street, Columbus, entertained with a luncheon at the Columbus club, Wednesday, followed by a theater party at the Hartman. Among the guests was Mrs. J. Stephen Jones of Bryn Du.

Miss Grace Gurby will entertain her sewing club at her home in North Buena Vista street this evening.

The Royal Neighbors will sew for the Red Cross on Friday afternoon at the home of Mrs. William Davidson in 57 Hoover street.

Mt. Vernon Private Paul I. Wilson is home after being wounded 17 times, and gassed. He was impaled on the point of a bayonet by a 240 pound German until a shot from a comrade dispatched the locket-wielder.

Mt. Vernon (Tele Hill) plumber, was severely injured when he fell from a ladder Tuesday afternoon. A spark got into the rubber hose attached to an acid line welding outfit and the gas in the hose exploded in Hill's hands.

SWANK MAY CAMPAIGN FOR OFFICE OF MAYOR

Chas. H. Swank, who retired from the office of sheriff Monday, was presented with a handsome wicker floor lamp by the county officials, deputies and clerks at noon today, the presentation speech being made by Assistant Court Stenographer James R. Cooper.

Mr. Swank responded in a very telling manner telling of the pleasant associations which he has enjoyed with his fellow officials for the past four years. He stated today that he had no immediate plans for the future other than taking a much needed rest. It is hinted by his friends that he will be a candidate for the nomination for mayor on the Republican ticket and will start an active campaign in the spring.

DRAFT BOARD WILL CONTINUE SOME TIME

Work at the local draft board may not be completed for some time. The board was informed this morning that the desecration records at the state headquarters were not ready and that the forms will be sent out later.

This will mean that the work of the local force will run over for sometime yet.

Zanesville—Mrs. Sarah White, 84, was seriously hurt, Wednesday, when she fell at the home of her daughter. She became dizzy and fell twisting her right leg beneath her.

New York—Herman Scheffauer, poet and author, San Francisco, was indicted for treason.

## NEWARK SOLDIER DIES OF WOUNDS

Six Weeks Elnapse Between Date of Death and Receipt of Word By Parents Here.

Private Charles Elmer Smith, 28, died in a hospital in France November 28 of wounds received in action and post mortem, according to the official notification received by his parents, yesterday.

Private Smith is the son of Mr. and Mrs. A. L. Smith of 63 Wilwood avenue. He went to Camp Sherman 1 year and left in September for overseas with the 8th division. After reaching France he was transferred from the 8th division to the 28th infantry of the First division.

The family had never been notified of his being wounded and in a letter written October 27, he said nothing of his injuries. He merely said: "Mother, I am not feeling well. You may hear from me soon and again it may be a long time."

Before entering the service Private Smith was employed at the Wehrle company. He is survived by his parents, one brother and two sisters.

## COUNTY SENDS \$64000 FOR UNITED WAR WORK

The Licking County War Chest committee mailed a check for the county's quota to the United War Work campaign headquarters this week. The amount for this county was \$64,000, which was to be apportioned to the Y. M. C. A., Y. W. C. A., Knights of Columbus, Salvation Army, Jewish Relief work, and kindred organizations.

## TO SEND NEW SPECIAL AMBASSADOR TO U. S.

(Associated Press Telegram)

Paris, Jan. 9.—The Earl of Reading will not return to Washington as British high commissioner and special ambassador to the United States, according to a London dispatch to the Echo de Paris. It is said that Lord Robert Cecil, former assistant secretary of state and foreign affairs, will succeed him.

## JOHNSTOWN DOCTOR RETURNS WITH WOUND

Among the twelve officers in a detachment of wounded overseas soldiers received at Camp Sherman from Hoboken, was Captain George W. Burner. Captain Burner, who resides near Johnstown, sailed for France on October 20 with a medical department. He was a physician at Johnstown previous to enlisting in August.

## WIFE LEAVES ESTATE TO HER HUSBAND

## GREECE HONORS WAR LEADERS.

(Associated Press Telegram)

Athens, Wednesday, Jan. 8.—The municipal council of Athens has unanimously and enthusiastically voted to confer the freedom of the city on President Wilson, Premier Lloyd George of Great Britain, Premier Clemenceau and Marshal Foch of France and Premier Venizelos of Greece. Five of the principal streets in the city will be given the names of the five leaders.

## FRENCH MINISTER RESIGNS.

(Associated Press Telegram)

Paris, Jan. 9.—(Havas) Jacques Louis Duménil, under secretary of agriculture, has resigned. It was announced here. M. Duménil resigned in consequence of Premier Clemenceau's intention to run under his own immediate authority certain services of the war and which, owing to their importance may be established as separate or autonomous organizations.

## WOULD SELL MISSION.

A petition has been filed in common pleas court by the First Baptist church of Granville, asking the court for an order to sell the old church property owned by the congregation and which is located at Central City and has been used as a missionary station. The petition recites that the church for carrying on missionary work there have been diminished to such an extent that it is not to the advantage of the church to continue in the work.

## INFANT DIES.

The infant son of Mr. and Mrs. Earl Sands died this morning at the home in Highland avenue. Burial will take place Friday morning at Fairmount cemetery.

Mrs. Frank L. Johnson, who has been living in Indianapolis since her husband has been in France, was in town today for a short time. Mrs. Johnson is engaged in important church work and is about to visit many of the colleges of the country.

Newark, N. J., Jan. 9.—The 1st Infantry, Georgia and Kansas, numbering 2,650 troops, home from France, arrived here yesterday.

## Seagulls Die in Oil.

Thousands of dead seagulls soaked with fuel oil strew the waters of Lynn canal, near the wreck of the steamship Princess Sophia, according to steamship captains arriving at South-Wharf. The Princess Sophia was swept on the rocks of Vandeputt reef her fuel oil tanks burst, releasing the oil, which soon covered the water for a great distance. The gulls alighting in the water were instantly made helpless and soon starved to death.

Some few days ago a local oil tanker, while on its way to the coast, ran aground on a ledge of rock in the Lynn canal, and without an attempt to escape it.

## COMEDIANS OF OLD GREECE

Statues Found in Tombs Show That Funmakers Were Much Like Those Applauded Today.

The finding of some statues in an ancient Greek tomb is an opportunity for comparing the comedians of old times with those of today. The statues are believed to date back to the fourth century B. C. They are quite small—in fact, few of them measure more than six inches in height—but owing to the careful modeling they are still quite lifelike in spite of their extreme age. These little figures represent the funny men of that time, and it is curious to note the resemblance to the oddities of Charlie Chaplin.

One associates flowing robes and stately walk with the Greek actors, but these players are shown wearing short trousers and with an obvious caricature of a stately gait. Nothing was sacred from these comedians; even the greatest men of the day were subjects for their wit, which they carried to extremes. A good example of this is a statue of one of the funny men as Hercules, who was universally admired and venerated in ancient Greece. He is shown wearing his leopard skin lightly over one shoulder, with his finger in his mouth, looking coquettishly round him.

The costumes of these little figures must have been brilliant; there are still faint traces of pink and yellow on the terra-cotta of which the statues were made.

## 3 CLAIM DAMAGES FROM ACCIDENTS

Road Mishaps Result in Legal Action By Victims—Husband and Wife Sue.

Emma Kisslingbery has filed a petition in the court of common pleas against Walter Roberts, in which she asks that she be awarded damages in the sum of \$5,000, for injuries which she sustained and which she claims were due to the negligence of defendant.

The petition recites that plaintiff was driving a horse and buggy in company with her husband on the road from Croton to Mt. Vernon on November 7, 1918, and that the defendant came along with his horse and buggy and drove into and against the plaintiff, upsetting the buggy and throwing the plaintiff violently on the road, severely injuring her hip, breast and back, that she is permanently injured and can never recover.

The husband, William Kisslingbery, has filed a like petition against Roberts in which he asks the sum of \$5,100, for doctor and hospital bills, medicine and damages to the plaintiff's buggy and harness, and for the loss of the services of his wife, her companionship and society and for future inability to perform services.

## CHARGES AUTOIST WAS EXCEEDING SPEED LIMIT

Ford M. Needles has filed a petition in the court of common pleas against Lon Higgins, claiming damages in the sum of \$1217.50. Needles alleges in his petition that he was driving his horse and buggy along the road between Johnstown and Sunbury, when the defendant came along with an automobile at an excessive rate of speed and ran into and upon the horse and buggy of the plaintiff, knocking the horse to the ground, upsetting and wrecking the buggy, and that the plaintiff suffered injuries to an arm, and eye and was badly cut and he sustained losses, all of the value of the above sum.

## FOOD SUPPLIES IN COMMON

No Eskimo Allowed to Go Hungry While His More Fortunate Brothers Have Plenty.

The arctic explorer, Dr. Donald B. MacMillan, who returned recently after four years spent in the arctic regions, has many interesting things to say about the domestic and social customs of the Eskimo.

All property is owned in common, he tells us. When you enter a village you are not invited to come in. It is your right to enter and, if you are hungry, to help yourself to something to eat. If you happen to visit a house where a poor hunter lives, he says, "Nurket-turange (Nothing to eat)." He does not go hungry, however, because his neighbors have some, and he lives on his neighbors. Everything is divided up that way. If all the villagers are good hunters, their supplies last a long time, but if some are poor hunters, the clever fellow must share with them.

An Eskimo does not eat three meals a day and sleep at regular intervals. He eats when he is hungry, and sleeps when he is sleepy, and he puts it off as long as he can, so that he will enjoy it all the more. He will go around for six hours talking about how hungry he is, and then he will set to work and eat all he can. It is the same way with sleeping. He will go without sleep for 48 hours, and when he cannot keep his eyes open any longer he turns in for a 24-hour snooze.—Youth's Companion.

Calves—Receipts 50; market steady. Top \$21.

Wall Street.

New York, Jan. 9.—Peace shares were again singled out for advancement by professional interests at the firm opening of today's stock market. Shipments proved the only noteworthy exception, Marine, preferred, dropping 1/2 points to a new low level for the moment. Oils, Tobaccos, Leathers, Fertilizers, Motors and accessories gained 1 to almost 3 points in the first half hour. Standard Oil's making only nominal advances. Texas land trust certificates were again the spectacular feature adding 30 points to yesterday's gain of 27 points to 250.

Former leaders were obscured during the morning by the further strength of specialties at gains of 1 to 4 points. Prominent in this group were beet sugar, American Can, Linseed, Corn products, California packing, International Paper and U. S. Rubber. Other noteworthy features included associated drygoods, May department stores, and Cuban American Sugar at gains of 4 to 10 points. Rails were dull but firm, indicating a market further accumulation, while Texas Pacific land certificates added fifty points to early gains, odd lots selling up to 310. Copper and motors were in demand at noon when the market assumed wider scope.

Chicago Live Stock.

Chicago, Jan. 9.—(U. S. Bureau of Markets)—Hogs receipts 63,000, market weak, 10c lower than yesterday's average. Bulk \$17.55@17.85; butchers \$17.65@17.95; hams \$17.20@17.85; packing \$17.00@17.60; throwouts 16.00@16.90; pigs 16.25@17.00.

Cattle, receipts 20,000, market generally steady. Beef, choice, 10c higher, 16.40@16.60; common and medium 9.75@10.40; butcher stock cows and heifers 8.00@11.25. Canners and cutters 7.00@8.00; stockers and feeders, good, choice and fancy 10.50@11.00; inferior common 8.00@9.00. Hides, best calves good and choice 17.00@17.50.

Sheep, receipts 36,300, market slow, scattering early sales steady. Lambs choice and prime 17.25@17.40; medium and good 15.50@16.25; culls 11.75@14.25; ewes, choice and prime 10.50@11.00; medium and good 9.25@10.75; culls 5.00@7.75.

Chicago Grain.

Chicago, Jan. 9.—Corn underwent a severe fall in value today owing to a den announcement that the food administration had recommended licenses for imports from Argentina. Opening prices, which ranged from 1c to 3-4c lower, with January 1.46 1-2 to 1.47 and May 1.38 1-2 to 1.40 1-2, were followed by moderate rallies from the minimum initial figures.

Oats weakened with corn. After opening 1-1/2 to 3-4c off, with May 74 1/2 to 1 1/4, the market steadied well behind yesterday's finish.

Lower quotations on grain and horse pulled down provisions. Pork, especially, was weak.

Cincinnati Live Stock.

Cincinnati, Jan. 9.—Hogs receipts 7800, strong, selected heavy shippers 17.50, good to choice packers and butchers 17.00; state 16.00@16.20.

Cattle receipts 300, steady, shippers 17.00@17.25, butchers 16.00@16.25; calves 17.00@17.25; choice 17.50@17.50; common to fair 7.00@11.00; calves, steady, extra 17.50@18.00; fair to good 17.00@17.50; common and large 6.00@13.00.

Emma Kisslingbery has filed a petition in the court of common pleas against Walter Roberts, in which she asks that she be awarded damages in the sum of \$5,000, for injuries which she sustained and which she claims were due to the negligence of defendant.

## CHARGES AUTOIST WAS EXCEEDING SPEED LIMIT

Ford M. Needles has filed a petition in the court of common pleas against Lon Higgins, claiming damages in the sum of \$1217.50. Needles alleges in his petition that he was driving his horse and buggy along the road between Johnstown and Sunbury, when the defendant came along with an automobile at an excessive rate of speed and ran into and upon the horse and buggy of the plaintiff, knocking the horse to the ground, upsetting and wrecking the buggy, and that the plaintiff suffered injuries to an arm, and eye and was badly cut and he sustained losses, all of the value of the above sum.

# The things you'd never put in the Family Laundry

**Y**ES, it's beginning to look dusky around the edges of the cuff. There's a suspicious looking shadiness along the roll of the collar. Your precious new Georgette—You haven't the heart to dump it in with the general laundry. And yet you daren't wear it another time. It will only get duskier, and meet a still harder treatment from the heartless laundress.

If only you knew that that woman would not rub the life and the newness out of your dainty things!

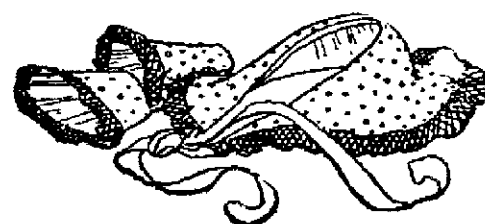

Remember how she yellowed that gleaming white satin blouse in one washing? And the flesh colored crepe de Chine that everybody liked so much? Ruined! the very first day you trusted it out of your own hands!

You cannot afford to have your nicest things go so fast.

Don't hate the laundress! Don't squander your energy feeling murderous towards her! She has no grudge against your filmy things. She doesn't want to ruin them. She's simply keeping on washing them in the only way she knows—the old, old way that was good enough when materials were coarse and heavy and could stand hard usage.

You, yourself, with a fraction of the energy you once spent hating the laundress, can now gently rinse the dirt out of your filmiest things—take them from the pure Lux suds soft and gleaming and new!

The secret? No rubbing of a cake of soap on fine fabrics! No rubbing again to get the soap and the dirt out. Just the gentle cleansing with pure Lux suds that frail things must have to keep them unharmed.

## Silk Underwear! Silk stockings! Lacy jabots washed like new!

Ask any friend of yours how she keeps her dainty things so new. Her white satin collar and cuffs. Her silk underwear that does not turn yellow. Her fine laces that do not weaken or tear.

It's the Lux way that does it.

Lux is the most modern form of soap. There is nothing else like it. Lux comes in wonderful, delicate white flakes—pure and transparent. You tumble a tablespoonful of them into hot water, whisk them immediately into the richest, sudsiest lather, add cold water to make lukewarm,

then drop your most exquisite blouse into the pure suds.

A few minutes' soaking to loosen the dirt—then you dip your precious blouse, your daintiest silk underwear, up and down in the warm suds, gently press the cleansing suds through the fabric again and again. The Lux suds leave it clean and new—not a fiber roughened or torn or weakened in any way.

Lux is so pure that it will not harm anything that pure water alone will not injure.

Just try a package of Lux today. Try it on the most precious thing you have. You'll never again trust your fine things to the old way of washing—nor blame the laundress for her cruelty to delicate things. You'll simply keep on dipping your daintiest things in the Lux suds, and having them back like new in less time than you ever dreamed was possible.

Baby's little woolens—how you dread to trust them out of your own hands!

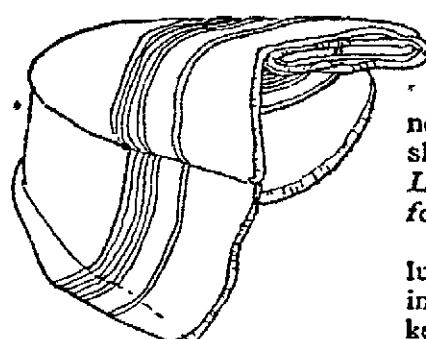

Try the new way—the Lux way. It's the free alkali in ordinary soaps that makes the wool fibers mat and shrink. It's the rubbing that shrinks and stiffens them.

The hot Lux suds—yes, very hot—will give them back to you soft and woolly with not a thread shrunken.

## To wash baby's woolens.

Mix very hot suds (two tablespoonfuls of Lux to the gallon), drop the flannels in, and let them soak till the water is cool enough for your hands to bear. Then swish the flannels up and down in the suds, till the dirt has been carried out of them into the suds. Rinse twice with clear water just as hot as the first water. Then a third rinsing of hot water in which you have dissolved a little Lux. (This leaves them wonderfully soft and woolly.) No twisting. Just squeeze the water gently out of the flannels, then hang them to dry in the shade. (Wash colored woolens in lukewarm suds and do not soak.)

You will bless Lux. You will always remember your delight with those first little flannels and booties that came so soft and new from their Lux tubbing.

Lux suds—very hot suds—then swishing them up and down till every speck of dirt is out.

Blankets, too. The miracle of Lux is not in cleansing sheer things only. Lux is wonderful for woolens.

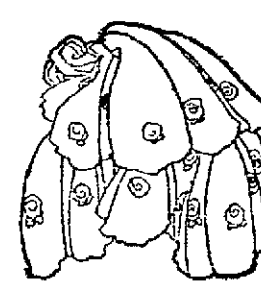

Think of the luxury of not having to rub blankets! Just trusting them to the hot

## To wash blankets

Two tablespoonfuls of Lux to every gallon of water will give you a tubful of the richest lather, enough for a pair of large blankets. Then rinse twice in clear water, hot as the water in which you washed the blankets, with a little Lux dissolved in a third hot rinsing.

Don't twist the blankets—just pass them through a loose wringer, then hang to dry in the shade. You'll never believe until you try it yourself that blankets could remain so soft and fleecy, so clean and new.

After that, you'll hardly wait to drop your most expensive sweater into the Lux suds, your sport stockings, caps—anything that's woolen. Lux will always be a wonder to you. You will always take a fresh pleasure in the newness of the things you wash in Lux. (Wash colored woolens in lukewarm suds and do not soak.)

Have you a rare piece of lace? Something that you have treasured and laid away?

Don't keep it laid away! Trust it to the Lux suds.

Lux makes it possible for you to use your finest laces and tablelinens often.

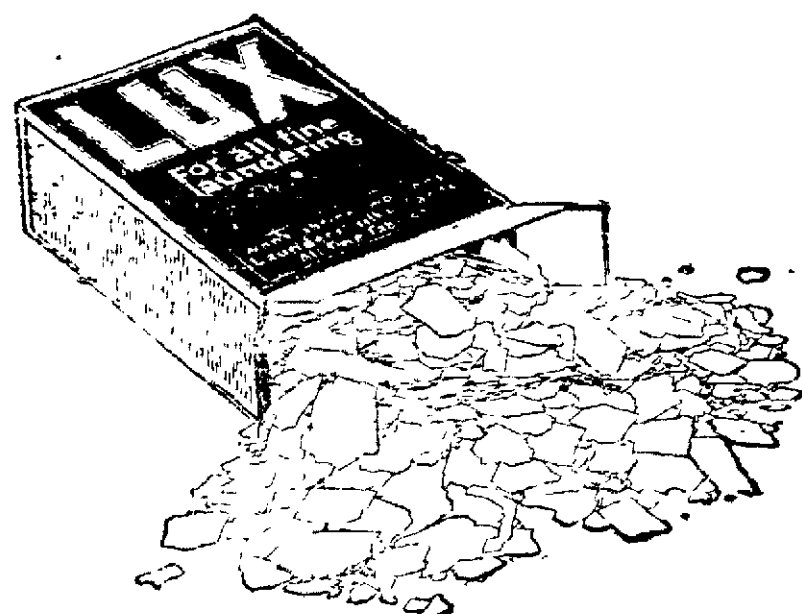

They will last you long, because you wash them yourself the modern way—without a bit of trouble—just gentle, pure Lux suds and no rubbing!

## To wash laces

Whisk a tablespoonful of Lux into a thick lather in very hot water. Put the lace in and let it stand in the suds. Do not rub. Squeeze gently and dip up and down, unless very tender, in which case simply let stand in the suds. Rinse three times in water the same temperature as the water in which you washed it. Do not starch.

If the lace is very frail, before washing, it should be basted on a piece of shrunken cheesecloth which may be pulled taut and pinned for drying. Otherwise it should be carefully pulled, every point pinned into shape and left until dry. This leaves the lace flat and makes ironing unnecessary.

Be sure to get your package of Lux today. Your grocer, druggist or department store has it. Lever Bros. Co., Cambridge, Mass.

SOLDIER FINDS HUNTING GOOD

Stationed in Texas Where Water Fowls Spend Winter—Enjoys Jaunts With Shotgun.

Army life has some redeeming features, according to a letter from Ivan McPherson, former trombone player in the 10th Cavalry band at Alameda, Tex. McPherson possesses a shotgun and has had a number of hunting trips near his post and plans a trip soon to hunt coyotes.

He has some musicians in the regimental band. McPherson's letter says, "though there is a wonderful opportunity for improvement. Nevertheless, we have some good musicians. There's a cornet player I used to troupe with on the H. & W. Another is a violinist and orchestra leader, and also has drummer. They came from a vaudeville theatre in Cedar Rapids. The violinist Cramer, was born in Ohio and lived in Ashland. He roomed with Karl Kuster in Cleveland. There are two men here from Toledo, Bauer and Bradley. They play trombone and flute. We have several more inducted men who are good musicians."

We made a mounted hike to Brownsville, staying there three weeks. We came on to San Antonio, where we stayed one week and have just gotten back to our permanent post. Had a fine time in Brownsville as it is the metropolis of this part of our native land. Right across the river is Matamoros, a city of 20,000. Saw a couple of Mexican soldiers across the Rio Grande. They are rough looking fellows and are nearly always mounted and heavily armed.

I have been hunting with my new shot gun and got some small game. I am going to try to get some coyotes. Can hear them yelling about a mile from our camp every night. There are lots of wild ducks, geese and mudhens on the small lakes here this time of the year. I am glad to have some good hunting if there is time.

There are lots of pretty Spanish Japs around here but they are too shy—especially around the soldiers. Some of the men here say "Spanish" though—just plain Yaqui Indians.

KIRK SCHOOLS IN FULL SWING AGAIN

There is more activity in the Kirk-ersville schools at present than for a number of years. The attendance is better than it has been for the past five years for this time of the year. Those absent are out on account of sickness. Interest in the work and the efficient covering the texts is at its maximum.

Teachers have learned that the high school pupils have carried their notebook work without interruption through the forced recesses caused by the epidemic. The re-organization is near the ideal considering the disastrous moment of the interruption. Never before has the corps of teachers over the entire township been more co-operative.

The teachers in the schools at Kirk-ersville have raised a purse that will be used to finance their war lunch movement that began Thursday morning. It will be conducted on the meal ticket plan and carried on under the direct supervision of Miss Mary Myers, the home economics instructor.

Beginning the same day the first classes of physical training will be opened in the form of gymnastics and calisthenics that are intended to bring benefit to those who do not participate in the organized athletics and who are the very ones that sadly need the bodily development.

Saturday evening will be the first number of the high school lecture course was originally advertised. Music, fun and magic will be the program. It is the highest paid number of the course.

Within the next week or so, Prof. Geo. J. C. Smith will announce the date for his black-face minstrel.

The basketball games are both rallying admirably from their numerous setbacks and the green members of both teams are being fast converted into veterans of the sport.

**MARTINSBURG**

The C. W. B. M. society of the Disciple church entertained the mission society of the other churches Thursday, in honor of Mrs. Blanche Shon Bull, who has spent seven years in Japan as a missionary of the M. E. church. An interesting address was given by Mrs. Bull. An elegant luncheon was served in the basement of the church.

The churches of the village have completed their plans for a union evangelistic service. All details have been worked out in perfect harmony and under a united effort great progress is being made in the evangelistic work.

The service will begin Sunday evening, January 12, at 7:30 o'clock, in the Disciple church, with the following pastors present: Rev. Wm. Curtis, Dr. St. John, H. H. Barnes, The Rev. J. H. M. C. Cummings, Mrs. Verna Egan, and others. The service will be held at the Disciple church, which has been moved from its old location to the new property on Main street, and was dedicated by the Disciple church. The service will be held at the Disciple church, which has been moved from its old location to the new property on Main street, and was dedicated by the Disciple church.

At the time of the service, Mrs. Bull will give a talk on her mission work in Japan. She will also give a talk on the mission work of the Disciple church. HAD BIG PART IN VICTORY

World Likely to Be Amazed When It Learns What the Aircraft Really Accomplished.

We have become so used to stories of wonderful feats accomplished by aircraft during the war that everything we hear nowadays leaves us almost cold. The things that, before the war, would have furnished bold headlines in the newspapers and have been a topic of discussion for days in the places where people congregate excite no more than passing notice. It is scarcely surprising, then, that the story of how touch has been maintained for more than two years between the allied armies of the Near East and the gallant remnants of the Serbians and Montenegrins who were hidden among their mountain fastnesses, and of how they were supplied with arms and cartridges by airplane, has hardly attracted attention. There has been nothing but the barest mention of the fact. We are not told how and from where the machines carried out their mission, of how many were engaged in the task of supply, or of what effect their wonderful performances may have had on the situation by keeping up the spirits of the gallant few who have held out against the enemy for so many weary months. We are simply told that the Serbian army, in its victorious advance, has obtained touch with those bands, who "since the Austro-Bulgarian occupation have been holding out among the mountains and have been continuously supplied with arms, food and cartridges by airplane." Now that the episode is historical, concludes Flight, and the enemy can gain no possible advantage from knowing how it was done, it is a pity that some official commentator with an imagination cannot tell us the full story, which must be a real epic of war.

JUST WHAT BILLION MEANS

Probably Few People Have Right Conception of What an Enormous Amount It Represents.

We hear of billions these days, but it is probable that very few persons have any notion of what an enormous amount of money a billion represents. We do know, however, how rapidly an expert counter of coins manipulates them. You can scarcely follow the motion of his fingers as he shifts the coins from one pile to another and counts them. The experts in the treasury department will count 4,000 silver dollars an hour and keep this up all day long, but that is their limit.

Working eight hours a day, then, an expert counter of coin will count 32,000 silver dollars in a day, but how long will it take him at that rate to count a million dollars? Thirty one days!

But that is only the beginning of the measurements of great figures, for if the same man were to continue to count silver dollars at the same rate of speed for ten years he would find that he had counted only 100,000,000 of them, and that to count 1,000,000,000 of them would require 102 years of steady work at the rate of eight hours a day during every working day of every one of the 102 years.

**Not a Modern Gun.**

"What were you going to do with this revolver?" asked Walter Pritchard, judge of city court.

"Shoot rabbits," replied Abe McMurray, colored, age seventeen, 836 Fayette street, who was on trial charged with carrying concealed weapons.

The judge examined the weapon, which was a small one, and noticed that the barrel would not revolve automatically. He called the defendant's attention to this fact, and was told that it would revolve if turned by hand.

The judge still appeared undecided, then finally remarked: "If this was a real gun I would fine you \$100 and costs, but since it is only about half a gun I will make the fine just half the usual amount." Then he wrote \$50 and costs across the face of the affidavit.—Indianapolis News.

**Missouri Mule Always There.**

The Missouri mule was in the war long before the Missouri soldier entered it. The declaration of war was made for him in 1914, two years and a half before Pershing and the thousands of other Missourians got their orders to wheel into line. He had made a brilliant record there before their appearance. But, according to the London address, he seems to have felt the impulse of Missouri behind him at the last, for it is written: "The mule shared in the big British advances on the western front this fall and proved his grit and worth by keeping right up with the rapidly advancing artillery." That is a Missouri characteristic.

**Some Name!**

According to the camp poster at Camp Lewis, American Lake, Wash., camp record blanks were found insufficient to accommodate the address of an Australian who came indirectly assuming name of the individual, Llan-fai-pretty-naglogogoch in the county of Angles, North Wales. When he joined the army he held a residence at Wrennawold, Swansea road, Gwenton, South Wales.

**Might Have Cracked Joke.**

"It" inquires the Dexter Statesman, for a social chaffeur address: Mrs. Hohenzollern as "your royal highness," just as they were sailing through a cloud, why not?"—St. Louis Republic.

**GO WHERE THE CROWDS GO**

**POULTRY SHOW STARTS MONDAY**

During the week of Jan. 13th (next week), the residents of Newark and Licking County will have the opportunity of seeing one of the most interesting displays of the season. The Newark Poultry Association, supported by the Chamber of Commerce and the Licking Co. Farm Bureau have secured the annual meeting of the Ohio Poultry Breeders' Association for this week, and the special prizes offered and the entries in prospect would be a credit to the largest poultry shows in the larger cities in connection. The Western Electric Co., locally represented by The Newark Electrical Company of The Arcade will demonstrate a complete line of practical electrical apparatus and make a highly interesting, attractive and educational exhibit including a demonstration in washing, ironing and cooking.

Remember the dates, Jan. 13 to 18 inclusive and confer a favor upon your friends by bringing them with you to 59 West Main St., where the show will be held.

The small entrance fee of 10 cents will be charged in the hope of securing money enough to pay the necessary expenses.

**Shop Men Are Ill.**  
The drop pit force at the Baltimore and Ohio shops has been crippled during the past few weeks, several of the workmen being off on account of illness. Frank Jakes, Harry Wilson and Frank Queen are still on the sick list while Andrew Taft and Harry Wilson have just returned to work.

**Returns to East.**  
Walter De France has returned to the Rockaway Beach aviation station at Long Island after spending a ten day furlough with his parents, Mr. and Mrs. M. A. De France of Hancock street.

**Newsies Will Meet.**  
Mayor H. A. Atherton announces a meeting of the Charity Newsies at his office this evening at 7:30.

**Birth Announcement.**  
Born to Mr. and Mrs. E. J. Miller, 335 Eastern Avenue, a son.

**Goes to Health Resort.**  
Charles Federman, manager of the Boston store, left last night for Mt. Clemens, Mich., where he will take the baths for rheumatism. Mrs. Federman joined him at Lima, and will accompany him to the springs.

**How Herring Help.**  
She was a dear old soul, and for a long time she stood in pouring rain watching Private Murphy on sentry duty. At last she approached him and in a voice full of sympathy, said: "My poor man, how do you manage to keep dry in this awful wet weather? Don't they give you an umbrella to keep the rain off?" Private Murphy looked her up and down for a moment, then replied: "No, mum, they don't. Shure, Oi just ate a salt herring in the mornin' before Oi come out, an' that keeps me dry all day."

There is no discord like that caused by the fellow who bursts into song when he can't find the key.

**A Sure Way To End Dandruff**

There is one sure way that has never failed to remove dandruff at once, and that is to dissolve it, then you destroy it entirely. To do this, just get about four ounces of plain, common liquid arvon from any drug store (this is all you will need), apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.  
23 morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.  
You will find all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

**BRITISH ENVOY**

(Continued From Page 1)  
gradually drift into a prolonged session which will ultimately become a league of nations without being definitely and positively organized.

"I agree that this congress must regard itself as the first regular meeting of the nations forming the league," he said, "but I think it would be a dangerous policy to let the peace congress drift along aimlessly without reaching a positive organization of a league of nations. Leaving things open is hazardous and gets one nowhere."

Asked how far armaments can be limited by a league of nations Lord Robert replied: "That, in my opinion, probably is the most difficult problem the peace congress will face. Before national governments had effective police organizations it was impossible to prevent individuals from carrying arms to protect themselves against outlawry. So it is with the league. Individual nations will hardly be willing to disarm until they are sure of peace and justice through the operation of the league. Moreover, how can any limitation of armaments be actually enforced? What assurance can we have, for instance, that Germany will not create an army more or less secretly?"

"The world did not know how extensively Germany was preparing for war. She might develop another force under the guise of militia. These are the difficulties we have to face but we must endeavor earnestly to secure co-operation between the powers represented at the congress in a broad policy of demobilization which will correspond with the yearnings of all peoples to be relieved as soon as possible for the burdens they have borne for these last four and a half years."

When asked if the conditions were same with naval forces, Lord Robert replied in the affirmative.

"Nations do not build navies for offensive purposes," he said. "They build them for defensive purposes, for police duties. Here again is a great scope for co-operation and arrangement between the powers represented at the peace congress."

**ENGLAND AND ITALY DELAY FOOD RELIEF**

(ASSOCIATED PRESS TELEGRAM)  
Paris, Jan. 9.—England and Italy have not as yet appointed their members of the international food commission and consequently revictualing plans under the direction of Herbert C. Hoover have not been perfected. This delay also has rendered it impossible for him to arrange for the purchase of foodstuffs for the regions evacuated by the German armies.

One of the greatest immediate needs is for fats, virtually all of which must come from America. Sufficient quantities of pork products are not available elsewhere.

While complete surveys of food conditions in evacuated territories and the central empires are not yet available, partial investigations show lamentable conditions requiring immediate relief. This is especially the case in the Balkans and Poland.

**SERBIA NAMES ENVOY TO PARIS CONFERENCE**

(ASSOCIATED PRESS TELEGRAM)  
Paris, Jan. 9.—The premier of Serbia has officially notified Foreign Minister Delcasse that the Jugoslav representatives at Versailles will be Nikola P. Pachtich, former premier of Serbia; Dr. M. R. Vesentich, former Serbian minister of finance; and M. Trubitch, president of the Belgrade diet.

**WIRE BRIEFS**

**YANKEE AVIATOR IS TRAINED BY BRITISH**

Mr. and Mrs. A. H. Wright of Utica have received a letter from their son, Corporal Harry Eastman Wright, written November 24. He is serving in the aviation department of the U. S. Marine Corps and is located near Dunkirk, France.

The letter stated that he was in good health and getting along fine, had been in France and was transferred to an English aviation camp for a few weeks for the purpose of learning about the English Motors and their planes. He further stated that he found them to be somewhat different from the American and while working there he obtained quite a lot of good practical experience. After being there a few weeks he returned

to his former camp in France, and from there was transferred to Belgium near the city of Ghent. Three days after the Germans left that city he was given a holiday and spent the time in the city, it being a big day there as the king and queen visited the city. Corporal Wright finished by saying, "We are ready to return to the United States whenever Uncle Sam is ready to bring us home."

**SHARP'S TWIN BROTHER DIES**

Ellyria, Jan. 9.—George W. Sharp, twin brother of W. G. Sharp, American ambassador to France, died at the home of his mother, Mrs. M. Burrell, here yesterday. Death was caused by a paralytic stroke. Ambassador Sharp, who arrived here from Paris 10 days ago, was at the bedside when his brother died.

The baseball player can always keep in training during the winter by throwing bouquets at himself.

**FORMER LICKING CO. SOLDIER DIES IN SOUTH**

Columbus relatives have been notified of the death of Captain C. M. Marriott, at Mobile, Ala., at the age of 75. He will be buried at Mobile.

Captain Marriott was born in Licking county, but lived for many years on a farm near Columbus. He enlisted as a private in the Seventy-sixth Ohio volunteer infantry and served through the civil war. He was promoted to captain and served on the staff of General John A. Logan. At the close of the war he went to Alabama and became owner of a plantation of 15,000 acres.

Captain Marriott is survived by his widow, who was Miss Emma Barr; three children, two brothers, B. H. Marriott of Columbus and F. M. Marriott of Delaware, and a sister Mrs. Allen Newman of Louisville, Ky.

## SAVES HIS TROUBLES FOR TALK AT HOME

"I am glad that I am about ready to come home. I think I have had a share of troubles. This is the first time I have had a chance to say what I wanted to but I'll wait until I get home," says J. Edgar Lewis Roberts, of the 74th artillery who arrived at Camp Mills.

"I expect to be mustered out of service soon," his letter continues. "So don't look for me home right away. I hold a little higher rank now than when I went over. I have been appointed bugler which gives me a little more pay and that helps a little."

"We were ten days on board ship coming back, and 15 days going over. I thought we were never going to get to France, but I am tickled to death to get back to the old states."

"Those other countries don't amount to a thing and I wouldn't take France if they would give her to me. I don't see what the Kaiser wanted with perpetual run and mud."
